"I made a request for someone to take a glance at a short clip of my bigger story - to keep an eye out for POV issues, and the likes. Alice not only did this, but she found some loopholes in my story, areas where my writing would benefit from a little more description, and even fit in some very encouraging words. Her assistance has been enlightening and motivating, and I look forward to working with her in the future!"

"Alice offered a phenomenal review on my first chapter of the first book of my new adult fantasy book series. I was suitably impressed with how quickly she got back to me, and areas that I needed to take a closer look at. The balance of suggestions was perfect in I was able to see areas I required improvement as well as Alice pointing out areas I excelled in. A writer could not ask for better because her feedback provided the blocks for advancement in the craft and the encouragement in areas where a writer naturally excels. I would highly recommend her services in the future."
